

Acceptance Means New Life

Now, as we speak of resurrection, we see the spirit world ablaze with the flowers of Spring, the bursting trees, the running brooks. We hear the orchestra of the little winged creatures. Spring is here! Crucifixion is over and the resurrection come, reborn.

This is what we would impress upon you all: ***after periods of pain and suffering, which you must accept resolutely, look forward to the new life, to the rebirth, which will come in your heart.***
